

ImmForm - How to register

This Helpsheet is designed to help you register for a Public Health England (PHE) ImmForm online account to enable you to order vaccines and other medical products or view vaccine uptake data.

ImmForm is a Public Health England (PHE) website used to collect data on vaccine uptake for immunisation programmes and to provide vaccine ordering facilities for the national immunisation programme and some products used for urgent treatments, such as antivenom for the European Adder.

An ImmForm account is also required if you access immunoglobulins for urgent treatment which are ordered through RIGS@phe.gov.uk.

Registering

To register for an ImmForm account please click [here](#), alternatively click on the the 'Register for an Account' link which appears on the [ImmForm login page](#).

By signing in you agree to ImmForm's [Privacy Policy](#), [Terms Of Use](#) and [Cookie Policy](#).

[Register for an account](#)

ImmForm collects data on vaccine uptake for immunisation programmes and provides vaccine ordering facilities for the NHS.

What would you like to do?

- Update an existing vaccine ordering account – [click here](#)
- Register for a data vaccine uptake account – [click here](#)
- Register for a new vaccine ordering account – [click here](#)

The registration page will provide you with three options depending on what you would like to do:

- Customers wishing to register or amend an existing account for ordering e.g. adding or removing contacts registered, amend an address etc. you would need to select the 'Update an existing vaccine ordering account' option.
- Customers wishing to submit or view vaccine coverage data, please select 'Register for a data vaccine update account'.
- Customers requiring a new delivery point for vaccine deliveries, please select 'Register for a new vaccine ordering account'.

Please be aware that the registration process can take up to five working days so please ensure all relevant fields are filled in on the form to avoid delays.

ImmForm vaccine ordering account

Prior to completing the ImmForm vaccine account application form please ensure you have the following information to hand:

- Name of registered NHS healthcare professional on site who will take receipt of the medicines upon delivery
- Professional regulatory body registration number e.g. Wholesale Dealers Licence or GMC, GPhC or NMC
- Organisation name
- Organisation code (can be found at this [link](#))
- Organisation address
- Delivery point address if different

ImmForm account to view vaccine coverage data

To register for an ImmForm vaccine coverage data account please ensure you have the following information prior to completing the ImmForm application form.

- Organisation name you need data access to:
- Organisation code (can be found at this [link](#))
- Organisation address

Public health teams within Local Authorities wishing to access local vaccine coverage data at Clinical Commissioning Group (CCG) level for scrutiny purposes or in order to identify health inequalities will need to request access via their local NHS Screening and Immunisation team or CCG.

The approval email from the NHS Screening and Immunisation team or Clinical Commissioning Group will need to be forwarded to the ImmForm helpdesk at helpdesk@immform.org.uk after the application form submission.

ImmForm does not hold any patient specific identifiable data (all uptake and surveillance data are anonymised and aggregated).
